## Snippets from Recent Club Programs

# <u>March 26 – Doug Yeiser & Capt. Mark Czanderna, Foothills United Way & Salvation Army</u>

Doug and our member, Capt. Mark, shared this program to discuss their visions to improve our communities in a collaborative way. Doug explained that the United Way has reinvented itself in the way it builds the community – it brings together nonprofits, schools, faith communities, government, and local businesses to address major issues facing our community. UW encourages collaboration by: inviting partners to the table, obtaining ground up solutions, and listening to the community. Capt. Mark explained to the club that Salvation Army Center has space available and wants to

determine how to best utilize it with neighborhood input. Through surveys and community conversations, there is a huge need for an outdoor gathering place to pull the neighborhood together. He wants to bring organizations together for many reasons including when disasters strike. Thank you for an interesting program!

#### April 2 - Paul Flanders, Abe Lincoln & His Cabinet of Rivals

Paul, a retired teacher at Longmont HS, spoke to our club about Abe Lincoln, a man who knew how to work with his enemies. In the 1860 election, it took three ballots for the dark horse, Lincoln, to win to become our 16<sup>th</sup> President. Lincoln proceeded to pick men for his cabinet that he was running against because they were best suited to get our country through the many crises it was facing. Lincoln used these techniques in working with his rivals: 1) give them time as you would your friend, 2) do not overreact to their suggestions, 3) don't have resentment for things they did to you in the past, 4) use funny

stories to relieve tensions, and 5) learn how to apologize if you make a mistake. Thanks, Paul, for an interesting and thought provoking presentation!

KIWANIS: Serving the Children of the World

#### Peak to Peak Key Students Attend DCON

- Bob Mohling and Dave Rogers, Kiwanis Sponsors

Ms. Rachel Medina, Faculty Advisor at Peak to Peak HS, attended the Key Club District Convention this past weekend with two Key Club students: Jessica and Tiffany. Both are freshmen at Peak to Peak HS, but very active with the Key Club. The District Convention (DCON) was held on April 6-8 at the Sheraton Denver West in Lakewood.

Bob and Dave attended the Advisor's Forum held on Saturday morning for Faculty Advisors and Kiwanis Sponsors. We learned many tips to help improve Key Club.

Ms. Medina received the Club Growth Award at the convention from the District Key Club Administrator, Ms. Dawn White. Under her guidance, the club grew from 16 members in 2017 to 40 in 2018. Congratulations to our wonderful Key Club members & dedicated Faculty Advisor!
